To everyone interested in participating in our Financial Supplements for Childcare program,

We are so excited to have you participating in our Discussion Groups for Fall 2022! No matter where you are in the United States, or whether your group is virtual or in-person, we want you to be able to participate in Discussion Groups without any worry of a financial burden. For that reason, we are offering financial supplements for any costs you incur to have someone watch your children while you participate in the group!

If you are interested in participating in our Financial Supplements for Childcare program, please email Jasmine Bilbao at jasmine@paradoxredlands.com.

In your email to her, please include your name, your phone number, your address, how many children you have that require childcare, and the name of your Discussion Group leader.

Then, after you have met with your group, just email Jasmine with the date and the time of your Discussion Group, and we'll prepare a check and then mail it to you!

You have up to one month after the Discussion Group you attended to let us know you would like to receive a financial supplement. We send out checks every other week.

For your information, we will be confirming the times and your participation in the group with your group leader.

We cannot wait for you to participate in Paradox Church in this capacity. We hope that you experience enriching and life-changing discussions.
